

The Ninth **Young Biomedical Engineers and Researches Conference**—first announcement

YBERC 2024

Held on **June 5-7** at the Faculty of Biomedical Engineering
Czech Technical University, Kladno, Czech Republic

Registration

Conference YBERC 2024 is open to students, teachers and researches in the field of biomedical engineering and medical informatics.

Conference highlights & extras:

- Practical workshop on proper scientific writing with individual consultations with authors submitted their contribution to the YBERC 2024 Conference
- High quality papers will be published in Clinician and Technology journal (indexed in Scopus)
- Presentation of CTU FBME Laboratories
- Excursion to the caves of the Czech Karst
- Wine Testing evening
- Fox hunting—Amateur radio direction finding
- Beer and wurst party

Conference Fee: 3000 CZK (Approx. 120 EUR) for early registration

Accommodation will be provided by hotels and student dormitories in Kladno (choice is optional for all participants).

Sections:

- Biological signal acquisition and processing
- Tissue engineering and regenerative medicine
- Biomedical modeling and simulation
- Management and safety of medical devices
- Medical imaging system and image processing
- Biomechanics and biomaterials
- Biomedical informatics
- Biomedical instrumentation
- Medical devices
